

National Capital Kart Club 2009 CF Benefit Race

The National Capital Kart Club in partnership with Karters' Korner presents our annual "CF Grand Prix" benefiting the Canadian Cystic Fibrosis Foundation. For over 10 years NCKC had joined with the Paul Joinette Family, the owners of Karters' Korner, to promote this Cystic Fibrosis Fundraiser. It has been the scene for great open wheel kart racing, featuring our Celebrity Race.

On Sunday, June 14, 2009 kart racers from all over southeast Ontario will gather for this very popular event. All racers as well as other visitors to Karters' Korner are encouraged to donate and both NCKC and Karters' Korner donate revenues received during the race day to CF.

This year NCKC is offering Ottawa media personalities a chance to experience the thrill of racing against their colleagues while supporting this worthy cause. For just \$500.00 each, Celebrity Race participants will compete in race karts prepared and decaled specifically for them. Each participant will be provided with all necessary racing gear and have practice time before the race.

Your generous contributions will help people like Emily Joinette who have been touched by the tragedy of Cystic Fibrosis.

Other sponsorship opportunities are also available for that weekend.

Please see our complete sponsorship package for details.
